Overview: Wonderful totally renovated 2-bedroom traditional house in the heart of Estepona. The renovation has been total but detailed and keeping some of the original features, like exposed stone on the walls and wooden beams. The open style kitchen shares the space with the living room. There is also a full family bathroom with walk-in shower on this level. On the first floor we have 2 bedrooms, the master with exposed walls and a balcony. A level up we find another full family bathroom with walk-in shower and access to a large terrace with BBQ and views of the traditional neighborhood streets and mountains. The location could not be better, in the city center of Estepona, surrounded by all kind of amenities within walking distance: schools, supermarkets, shops, restaurants, health center, bus stops, etc. A unique opportunity to enjoy the feeling of living in the traditional Estepona center with all the new features expected of a new property.
