Overview: Beautiful townhouse by the sea in Estepona center. It is a large three-story house where on the ground floor we have a large kitchen, a toilet and a very spacious living room, which leads to a 100-square-meter patio where up to three cars can be accommodated. On the first floor there are two bathrooms and three double bedrooms, one of them with an en-suite bathroom and a large terrace. And on the upper floor we can enjoy a large solarium and a storage and laundry area. And the house is next to the promenade and the beach. With an excellent location, the property is located in Estepona, in an urbanization just steps from the beach, the Carrefour supermarket, the Trocadero Restaurant, the Center of Estepona, just 15 minutes from Puerto Banús, surrounded by the most prestigious golf courses, on the Costa del Sol, as well as being close to all services such as supermarkets, restaurants and bars.
