Overview: Fantastic recently built apartment, first floor and gated community a few minutes from the center of Estepona. Very quiet residential area in development, with several golf courses around, all kinds of shops a stone's throw away and the beach a 5-minute drive away. The apartment stands out above all for its spaciousness and luminosity, which thanks to its good orientation (South) and the great location of the building, it gives. The house is composed of a large living room, with an integrated and fully equipped kitchen. From here you can access the large terrace, with wonderful views of both the sea and the countryside with its typical nature of the region, which extends throughout the entire panorama. With a total of 3 double bedrooms, the main one with an en-suite bathroom and another bathroom to be shared, this property offers plenty of space for a family to be comfortable without getting in the way. The community has large garden areas and a large swimming pool. The price includes 2 parking spaces and 2 storage rooms. Don't hesitate to contact us if you want to visit it, we will be happy to show you around.
