Price: 1,195,000 €
Publish date: 12.06.25

Overview: This exceptional 26.6 hectare organic olive farm offers a unique opportunity to purchase a fully established business. Nestled in the scenic, south facing sloping hills between Antequera and Archidona, the farm boasts over 4500 Hojiblanca olive trees, producing award-winning extra virgin olive oil with an existing brand and loyal clientele. Around 40 retailers and restaurants in Europe. The property benefits from a very highly reliable well with an advanced irrigation system that ensures abundant water supply for every tree. The well's pump, powered by solar energy, transfers water to a large deposit tank, providing sustainable and efficient water management. The farm holds organic certification, solidifying its commitment to eco-friendly practices. It is fully fenced and onsite is a spacious barn for storing materials and machinery. A recent architectural survey report has concluded that under the current laws, the town hall could approve the building of two properties. Divided into 2 plots allowing construction of two separate residential buildings: 1 house total allowed to be constructed = 1.123m² ; 2 house total allowed to be constructed = 696m². This is a rare opportunity to continue an operating business with a promising future growth and increased value. This is an incredible opportunity to acquire an award-winning organic olive farm with extensive development potential. Here are the key features of this exceptional offer:
